To whomsoever it may concern

As per the OERC (Promotion of Renewable Energy through Green Energy Open Access) Regulations, 2023, under the provision of RE Power Banking, the unutilized banked energy would be treated as deemed purchase by GRIDCO (limited to 10% of Banked energy) on the expiry of banking cycle at lowest RE procurement price of GRIDCO of last financial year or lowest price discovered by SECI through competitive bidding process in last financial year whichever is less.

In accordance of the above, the **lowest RE procurement price of GRIDCO of last financial year** is Rs. 0.86236/kWh as per the approved Pool Cost of GRIDCO for FY 2025-26.
