E-Tender Notice

E-Tender Notice No. GRIDCO/RE NODAL AGENCY/E-TENDER/03/2026-27

Corrigendum-1

Date-10/11/2026

The following modifications/additions are hereby incorporated to **E-Tender Notice No. GRIDCO/RE NODAL AGENCY/E-TENDER/03/2026-27.**

Sr. No.	Original Clause	Original Clause Description	Revised Clause Description
1.	Clause no. 6 and 7, Section III, Bid Data Sheet	Deadline for Online Submission of the Bid: Date: 12.11.2026 (1:00 PM) Due date, Time & Place of the opening of the Techno Commercial Bid: Date: 12.11.2026 (5:00 PM) **Place:** Conference Hall, GRIDCO Limited, Janpath, Bhoinagar, Bhubaneswar–751022, Odisha **Date of opening of Price Bid will be intimated later on.**	Deadline for Online Submission of the Bid: Date: **27.11.2026 (1:00 PM)** Due date, Time & Place of the opening of the Techno Commercial Bid: Date: **27.11.2026 (5:00 PM)** **Place:** Conference Hall, GRIDCO Limited, Janpath, Bhoinagar, Bhubaneswar–751022, Odisha **Date of opening of Price Bid will be intimated later on.**
2.	Clause no. 5.2.4, iv, Section V, Duration of Project and Scope of Services	iv. The Bidder to ensure a minimum of 98% availability of the wind mast.	iv. The Bidder to ensure a **minimum of 95% availability** of the wind mast.

Sr. No.	Original Clause	Original Clause Description	Revised Clause Description
3.	Clause no. 5.2.5, vii & viii, Section V, Duration of Project and Scope of Services	vii. The bidder should provide the uptime of 98% in a year (100% during windy seasons namely May – October). If 100% data are not collected during high wind season, the data collection will be extended for further one year without any additional cost to GRIDCO. viii. Data availability shall be 98% on monthly basis.	vii. **The bidder should provide the uptime of 95% in a year. If 95% data are not collected during the year**, the data collection will be extended for further one year without any additional cost to GRIDCO. viii. Data availability shall be **95% on monthly basis**.
4.	Clause no. 5.2.7, 16., Section V, Duration of Project and Scope of Services	16. Data collection and data sharing (online and onsite). The data availability shall be 98% is mandatory and the bidder shall ensure sufficient availability of spares at each site.	16. Data collection and data sharing (online and onsite). The data availability shall be **95% is mandatory** and the bidder shall ensure sufficient availability of spares at each site.
5.	Section X, Technical Specification, i. Lattice Tower for wind measurements:	• The mast needs to be made up to 150m height using multiple segments of square cross section. The tower width should not be less than 450x450 mm for 150-meter lattice masts. The design of the structural sections of the mast should be confirmed to IS 800-2007 specification. Bidders need to ensure the structural integrity and safety of the lattice mast towers, especially at higher hub heights of 120m and 150m, where wind loads become more. Allowing larger tower widths with lesser than dimensions (As per tender document) may compromise the structural design and stability of the towers. However, if the authorized Govt organization (As per tender & Corrigendum) evaluates and certifies that, less than the size of 10 % of 400 mm can be safe under extreme wind	• The mast needs to be made up to 150m height using multiple segments of square cross section. **The tower width should not be less than 380x380 mm for 150-meter lattice masts**. The design of the structural sections of the mast should be confirmed to IS 800-2007 specification. Bidders need to ensure the structural integrity and safety of the lattice mast towers, especially at higher hub heights of 120m and 150m, where wind loads become more.
