It is hereby clarified that GRIDCO will not accept the entire capacity offered of the last Lowest Bidder in the order of progression, in the event the Capacity Required gets fulfilled by a part thereof. In the event that none of the other Qualified Bidders match the Bid of the Lowest Bidder, GRIDCO may, in its discretion, (i) allocate the remaining capacity, if any, after completion of L-1 Matching round to the Bidders at the Tariff quoted cumulative in e-Tender Stage and e-Reverse Auction Stage in the order as they were at the end of L-1 Matching round or (ii) invite fresh Bids from the remaining Qualified Bidders or (iii) annul the Bidding Process, as the case may be. Further, it is clarified that any single Bidder cannot quote part capacity from different power stations.

- 1.2.11 During the Bidding Process, Bidders are invited to examine the Project in greater detail, and to carry out, at their cost, such studies as may be required for submitting their respective Bids for award of the contract including implementation of the Project.
- 1.2.12 As part of this Bidding Documents, GRIDCO will provide a draft APP and other information pertaining/ relevant to the Project available with it.
- 1.2.13 Bids are invited for the Project under Section B of this Bidding Document, on the basis of a tariff to be offered by a Bidder for production and supply of electricity in accordance with the terms of the draft APP forming part of the Bidding Documents. For the purposes of bidding hereunder, the Base Fixed Charge and Base Variable Charge shall constitute the tariff for the Power Station (the “**Tariff**”). The generating cost of electricity, the transmission charges and the transmission losses, shall form part of the Base Variable Charge. The Base Fixed Charge and the Base Variable Charge shall each be at least 35% of the Tariff. The contract period shall be pre-determined and will be indicated in the draft APP. The Project shall be awarded to the Bidder quoting the lowest Tariff, after the completion of the process under Clause 1.2.7 above.

The Bidder shall quote a Base Variable Charge comprising the generating cost of electricity, the transmission charges and the transmission losses. Based on its Bid, a lumpsum tariff shall be paid to the Supplier comprising of (a) a Base Variable Charge, and (b) a Base Fixed Charge, as per the provisions of Clause 12.3.1 of the APP. The Tariff shall be revised as per the terms of the APP. The Bid for the Project shall, therefore, comprise the Base Fixed Charge and the Base Variable Charge and the Bidder seeking the lowest Tariff shall be the Selected Bidder.

In this Section A, the term “**Lowest Bidder**” shall mean the Bidder who is offering the lowest Tariff.

1. INTRODUCTION^s

1.1 Brief description of Bidding Process

- 1.1.1. GRIDCO has adopted a two-stage bidding process (collectively referred to as the "Bidding Process") for selection of the Bidder for award of the Project. The first stage (the "**e-Tender Stage**") of the process involves pre-qualification of interested parties in accordance with the provisions of the Section A and opening of the Bid of the pre-qualified and short-listed Qualified Bidders in accordance with this Section B. At the end of the e-Tender Stage, system will send an email to all Qualified Bidders which are eligible to participate in the second stage of the bidding process. The Bid shall be valid for a period of not less than 120 days (one hundred twenty days) from the Bid Due Date.
- 1.1.2. The Bidding Documents include the draft APP for the Project which is enclosed. Subject to the provisions of Clause 1.1.3, the aforesaid documents and any addenda issued subsequent to this RFP, will be deemed to form part of the Bidding Documents.
- 1.1.3. A Bidder is required to deposit, along with its Bid, a bid security of Rs. 2 lakh (Rupees two lakh) per MW of capacity offered by the Bidder (the "**Bid Security**"), refundable not later than 60 (sixty) days from the Bid Due Date, except in the case of the Selected Bidder whose Bid Security shall be retained till it has provided a Performance Security under the APP. The Bidders will have an option to provide Bid Security in the form of a demand draft or a bank guarantee acceptable to GRIDCO or may be deposited online through NEFT/IMPS/RTGS payment. The demand draft shall be kept valid for a period not less than 180 (one hundred and eighty) days from the Bid Due Date, by submitting another demand draft before expiry of the existing demand draft and may be further extended as may be mutually agreed between GRIDCO and the Bidder from time to time. In case a bank guarantee is provided, its validity period shall not be less than 180 (one hundred and eighty) days from the Bid Due Date, inclusive of a claim period of 60 (sixty) days and may be extended as may be mutually agreed between GRIDCO and the Bidder from time to time. -

- 1.1.5. Bids are invited for the Project on the basis of a tariff to be offered by a Bidder for and in respect of the Project. For the purposes of evaluation hereunder, the Base Fixed Charge and Base Variable Charge shall constitute the tariff for the Power Station (the “**Tariff**”). The generating cost of electricity, the transmission charges and the transmission losses, shall form part of the Base Variable Charge. The Base Fixed Charge and the Base Variable Charge shall each be at least 35% of the Tariff. The contract period shall be pre-determined and specified in the Bidding Documents.

In this RFP, the term “**Lowest Bidder**” shall mean the Bidder who is offering the lowest Tariff.

In e-Reverse Auction Stage, the lowest Bid received in the e-Tender Stage shall be displayed to the Bidders on the DEEP Portal and thereafter any subsequent lowest bid in e-Reverse Auction Stage on a real time basis. During the e-Reverse Auction Stage, the Bidders will have the option of reducing the Tariff quoted by them at e-Tender Stage in their Bids in decrements of 1 (one) paise or multiples thereof and to increase/maintain the quantum quoted by them at e-Tender Stage by 1 MW or multiples thereof. At the end of the e-Reverse Auction, lowest bidder will be identified by the system, the system will check all bids received in e-Tender and e-Reverse Auction and identify the Bidder who has quoted the lowest Tariff therein (“**Lowest Bidder**”).

The remaining Qualified Bidders shall be kept in reserve and may, in accordance with the process specified in Clause 3 of this RFP, be invited to match the Bid submitted by the Lowest Bidder in case such Lowest Bidder withdraws or is not selected for any reason or in case the capacity required as per Clause 1.1.1 of the RFQ is not fully met by the Lowest Bidder. All other bidders will be asked to match the Lowest Bid in the system (“**L-1 Matching**”). It is hereby clarified that GRIDCO will not accept the entire capacity offered of the last Lowest Bidder in the order of progression, in the event the Capacity Required gets fulfilled by a part thereof. In the event that none of the other Qualified Bidders match the Bid of the Lowest Bidder, GRIDCO may, in its discretion, (i) allocate the remaining capacity, if any, after completion of L-1 Matching round to the Bidders at the Tariff quoted cumulative in e-Tender Stage and e-Reverse Auction Stage in the order as they were at the end of L-1 Matching round or (ii) invite fresh Bids from the remaining Qualified Bidders or (iii) annul the Bidding Process.  - a. it is received as per the format at Appendix-I;

4. e-Reverse Auction

4.1 After the opening of the Bids of the Bidders who have qualified in the evaluation of their Applications, the system will rank the Bidders according to their Tariffs quoted in their Bids. The Bidder with the highest Tariff in the Bid will be called the “H1 Bidder”. The system will then analyze all the capacity of electricity (in MW) offered by the Bidders in the e-Tender Stage. If the total quoted capacity is greater than twice the Capacity Required by GRIDCO, the H1 Bidder will be eliminated provided that the total quoted capacity after elimination is not less than or equal to twice the Capacity Required.

4.2 The shortlisted Bidders after elimination in e-Tender stage will be intimated individually by system generated emails only. The e-Reverse Auction shall start within 120 minutes of opening of the RFP bids and shall continue for a period of next 120 minutes with auto extension of 10 minutes, as applicable.

Provided that during the last 10 (ten) minutes before the scheduled close time of e-Reverse auction, if a price bid is received which is lower than the lowest prevailing price bid recorded in the system during e-Reverse auction, the close time of e-Reverse auction will be automatically extended by 10 (ten) minutes from the time of the last price bid received. This process of auto extension will continue till there is a period of 10 (ten) minutes during which no price bid is received which is lower than the prevailing lowest price bid.

4.3 During the e-Reverse Auction Stage, the Bidders will have the option of reducing the Tariff quoted by them at e-Tender Stage in their Bids in decrements of 1 (one) paise or multiples thereof and to increase/maintain the quantum of capacity quoted by them at e-Tender Stage by 1 MW or multiples thereof.

4.4 After the completion of e-Reverse Auction, the prevailing lowest Tariff would be visible to all the Bidders (“**Lowest Tariff**”) and a time period of 30 minutes shall be given to all the Bidders qualified at e-Tender Stage for matching the Lowest Tariff (“**L-1 Matching**”). The Bidders matching the Lowest Tariff will also be required to give the break-up of the Tariff. The list after completion of L-1 Matching would also include the name, quantum offered and Tariff quoted by those qualified Bidder(s) who have not changed the quantum of electricity and Tariff from e-Tender stage to e-Reverse Auction stage.

5. SELECTION OF BIDDER

- 5.1 Subject to the provisions of Clause 2.15.1, the Bidder whose Bid is adjudged as responsive in terms of Clause 3.2.1 and who quotes the Lowest Tariff offered to GRIDCO after Bid Stage, in conformity with the provisions of Clause 4.4* shall be declared as the selected Bidder(s) (the "Selected Bidder(s)"). In the event that GRIDCO rejects or annuls all the Bids, it may, in its discretion, invite all eligible Bidders to submit fresh Bids hereunder.
- 5.2 In the event that two or more Bidders quote the same Tariff for (a) the full Capacity Required; (b) one full Capacity Required and other part of the Capacity Required; (c) Capacity totaling more than the Capacity Required; and (d) Capacity totaling to the Capacity Required; (e) equal capacity offered but not upto full quantum and Capacity totaling more than the Capacity Required (the "Tie Bidders"), GRIDCO shall identify the Selected Bidder under (a) the time of submission of the Bid will be the deciding factor for their ranking with the Bidder submitting the Bid earlier given the priority; under (b) by declaring the Bidder who has offered full Capacity Required as the Selected Bidder; under (c) by declaring the Bidder with maximum Capacity as first Selected Bidder and other Bidder as second Selected Bidder with remaining Capacity under (d) by declaring both the Bidders as the Selected Bidder with respective Capacity and under (e) the time of submission of the Bid will be the deciding factor for their ranking with the Bidder submitting the Bid earlier will be declared as first Selected Bidder for full Capacity offered and other Bidder as second Selected Bidder with remaining Capacity.
- 5.3 In the event that the Lowest Bidder withdraws or is not selected for any reason in the first instance or the capacity required is not met by the Lowest Bidder (the "first round of bidding"), GRIDCO may invite all the remaining Qualified Bidders to revalidate or extend their respective Bid Security, as necessary, and match the Bid of the aforesaid Lowest Bidder (the "second round of bidding"). If in the second round of bidding (i.e. L-1 Matching), only one Qualified Bidder matches the Lowest Bidder, it shall be the Selected Bidder. If two or more Qualified Bidders match the said Lowest Bidder in the second round of bidding, then the Bidder whose Bid was lower as compared to other Bidder(s) in the first round of bidding shall be the Selected Bidder. For example, if the third and fifth lowest Bidders in the first round of bidding offer to match the said Lowest Bidder in the second round of bidding, the said third lowest Bidder shall be the Selected Bidder. It is hereby clarified that GRIDCO will not accept the entire capacity offered of the last Lowest Bidder in the order of progression, in the event the Capacity Required gets fulfilled by a part thereof. The Bidder will have the option to indicate their minimum threshold quantity and the same would be considered for allocation of electricity to the Selected Bidder(s).

*Please refer the clause 4.4 of the RFP. There is a error mentioning the clause reference in the model bidding document.

- 5.4 In the event that no Qualified Bidder offers to match the Lowest Bidder in the second round of bidding as specified in Clause 4.3, GRIDCO may, in its discretion, invite fresh Bids (the “third round of bidding”) from all Qualified Bidders except the Lowest Bidder of the first round of bidding, or annul the Bidding Process, as the case may be. In case the Qualified Bidders are invited in the third round of bidding to revalidate or extend their Bid Security, as necessary, and offer fresh Bids, they shall be eligible for submission of fresh Bids provided, however, that in such third round of bidding only such Bids shall be eligible for consideration which are lower than the Bid of the second lowest Bidder in the first round of bidding.
- 5.5 After selection, a Letter of Award (the “LOA”) shall be issued, in duplicate, by GRIDCO to the Selected Bidder and the Selected Bidder shall, within 7 (seven) working days of the issuance of the LOA, sign and return the duplicate copy of the LOA in acknowledgement thereof. In the event the duplicate copy of the LOA duly signed by the Selected Bidder is not received by the stipulated date, GRIDCO may, unless it consents to extension of time for submission thereof, appropriate the Bid Security of such Bidder as Damages on account of failure of the Selected Bidder to acknowledge the LOA, and the next eligible Bidder may be considered.
- 5.6 After acknowledgement of the LOA as aforesaid by the Selected Bidder, it shall cause the Supplier to execute the APP within the period prescribed in Clause 1.1.3 of the RFQ. The Selected Bidder shall not be entitled to seek any deviation, modification or amendment in the APP.

5.7 Contacts during Bid Evaluation

Bids shall be deemed to be under consideration immediately after they are opened and until such time GRIDCO makes official intimation of award/ rejection to the Bidders. While the Bids are under consideration, Bidders and/ or their representatives or other interested parties are advised to refrain, save and except as required under the Bidding Documents, from contacting by any means, GRIDCO and/ or their employees/ representatives on matters related to the Bids under consideration.

5.8 Bid Parameter

- 5.8.1. The Bid shall comprise the Tariff offered by the Bidder for production and supply of electricity to GRIDCO in accordance with the provisions of the APP. The Base Fixed Charge and the Base Variable Charge shall each be at least 35% of the Tariff. The Tariff comprising the Bid shall be offered in accordance with the provisions of Clause 5.8.2

5.8.2. Lumpsum Tariff

The Bidder shall quote a Base Variable Charge comprising the generating cost of electricity, the transmission charges and the transmission losses. Based on its Bid, a lumpsum tariff shall be paid to the Supplier comprising of (a) a Variable Charge, and (b) a Fixed Charge as per the provisions of Clause 12.3.1 of the APP. The Tariff

shall be revised as per the terms of the APP. The Bid for the Project shall, therefore, comprise the Base Fixed Charge and the Base Variable Charge and the Bidder seeking the lowest Tariff shall be the Selected Bidder.

Explanation: In case the Bidder is a Trading Licensee, the provisions of Sub-clauses (a) to (e) and Sub-clauses (g) to (j) related to the source/supply of Fuel shall mean the source/supply of Fuel, as applicable to the Developer. It is further clarified that Trading Licensee shall not be eligible for bidding in case the source of Fuel is under clause (b).

*Lumpsum tariff shall include supply of electricity, irrespective of source of Fuel including renewable source of energy.
